

AI4DIGNITY
COLLABORATIVE AI COUNTERS HATE

AI, Extreme Speech and Disinformation: Global Challenges and the Way Ahead International Counterathon Workshop

26-27 July 2021 | Centre for Advanced Studies, LMU Munich

Featuring

Fact checkers from Brazil, Germany,
India, Kenya

Hossein Deerakshan, Joan Donovan,
Bharat Ganesh, Kiran Garimella,
Pratiksha Menon, Duncan Omanga,
Jonathan Corpus Ong,
Pablo Ortellado, Raquel Rachid,
Erkan Saka, Cristina Tardeguilla,
Otavio Vinhas, Torsten Zesch

Public plenary and panels

- How can AI assisted systems contribute to online extreme speech moderation?
- How do we envision collaborative AI endeavors to address the vast cultural variation and dynamic nature of hateful expressions online?
- How can communities, AI developers and ethnographers team up?

Hosted by the ERC funded project AI4Dignity
